BOM MANUFACTURING

Complete the order

Discrete manufacturing with BOM: How do you post the final quantity and cleanly complete the order?

ORDER STATUS

- ✓ Started
- ✓ Partial quantities reported
- → Complete

HERE'S HOW IT WORKS BETTER

One call cleanly completes the order

Report as Finished Completed reports the remaining quantity and sets the status to "Reported as finished".

✅ Final remaining quantity

Final quantity is posted and validated

📦 Optional material consumption

Remaining BOM material can be consumed automatically

🔄 Status transition

From "Started" to "Reported as finished" in one step

📊 Ready for post-costing

All postings complete, order can be closed

IN PRACTICE

Order completed – everything at a glance

FLEXXLINK MES · PRODUCTION ORDER

✓ REPORTED AS FINISHED

Order Number P-2024-0815	**Item** FG-1000
Target qty 1,000 pcs	**Actual qty** 1,000 pcs ✓
Material consumed 100%	**Warehouse** WH-01

Close order | Post-costing

> *From start to completion – every step documented and traceable.*

QUESTION FOR YOU

How do you complete production orders today?

→ Automatically via MES signal?

→ Manually in the ERP?

→ Or in a separate process?

Share your workflow in the comments!
